Our Team

We have a team of qualified professionals made up of chartered and certified accountants, chartered secretaries and graduates with degrees ranging from law, management, economics and business administration to finance amongst others. From operations to board level, we have significant individual and collective experience extending across the gamut of legal structures.

AXIS works closely with ALN, a leading multilateral grouping of top law firms and lawyers in 14 major African cities, and through this strategic alliance benefits from access to top tier African law firms, most of them leaders in their respective field. AXIS professionals will make certain that the regulatory obligations imposed by the relevant jurisdictions are always met and that due diligence and compliance are carried out to the most exigent of standards.

Africa Focus

Once generally overlooked by international investors, Africa is now seen as an increasingly attractive destination for private wealth management. Since its inception, AXIS has robustly championed an Africa focused strategy. As an affiliate of the Africa Legal Network (ALN), AXIS has a solid footprint in Africa where it has access to a depth of jurisdictional knowledge from experienced and qualified professionals which it can offer to its clients for their individual needs and to enable them to set up the best efficient structures for investments in Africa. With a presence in Kenya, AXIS is further expanding its reach and strategic positioning in Africa. Kenya has consolidated its status as the gateway to East Africa and a leading trade hub in the region. The country tops the list of highest exporting countries in the 19-member COMESA trading bloc, emerging as the top performer in the regional East African market.

Our Clients

Our clients include High Net Worth Individuals (HNWI), Institutional Investors, Governmental Institutions, Fund Managers, investment Advisors, Banks, Investment Houses and Corporates.
