

Corporate Services - Seychelles

AXIS applies a life cycle approach to corporate services, offering the full suite of services, from formation, tax structuring and regulatory compliance to execution of diverse transactions.

About Us

AXIS Fiduciary (Seychelles) Limited ("AXIS Seychelles") is a Seychelles Corporate Service Provider (CSP) offering a full spectrum of corporate services to a diversified client base.

We can set up companies, funds and other legal entities and provide the necessary corporate secretarial, administration, accounting and other ancillary services to help individuals and corporations accomplish their goals and optimize their benefits. Through our offices in Mauritius & Kenya and our network of partners and affiliates worldwide, we can also assist in the setting up and administration of entities in other jurisdictions.

AXIS Seychelles is licensed by the Seychelles International Business Authority to act as a licensed International Corporate Service Provider in Seychelles.

Preferred Legal Partner – BLC Chambers

AXIS Fiduciary works closely with BLC Chambers ("BLC"), a leading Mauritian firm with a robust offshore practice and a strong team of legal advisors. BLC is a member of ALN, which is Africa's leading alliance of top tier independent law firms present in some of Africa's fastest growing jurisdictions. BLC is also associated with the leading international law firm Harney Westwood & Riegels (Harneys) which operates through a network of six offices around the world including BVI, Cayman, Cyprus and Anguilla. Our access to first class lawyers with unmatched legal, structuring, tax and regulatory expertise helps us provide a flawless, cost-effective and comprehensive service to our clients

Company Formation and Corporate Services

AXIS Seychelles can set up local and offshore entities in Seychelles.

AXIS Seychelles can also provide company administration, accounting and other ancillary services to ensure that companies comply with legal and regulatory framework of Seychelles.

Our experience in dealing with complex legal structures enables us to identify and implement tax efficient structures, tailored to clients' specific needs and requirements.
